

# UCLA Undergraduate MAY 18-22, 2020

# RESEARCH WEEK

## GREATER THAN THE SUM OF ITS PARTS

Undergraduate Research Week usually consists of several different events that celebrate undergraduate research and creative projects. This year, we have combined all of the events into a virtual Undergraduate Research Showcase.

We would like to acknowledge the students who were nominated by their departments and scholarship programs to present their work at the Oral Presentations and Multimedia Salon before Undergraduate Research Week went virtual. These outstanding students will present their work during the virtual Research Showcase.

### Oral Presentations

Miranda Gilmore, Anthropology  
Jorge Quezada, Anthropology  
Julianne Rodriguez, Anthropology  
Jack Berner, Anthropology
